Since African Americans are underrepresented in these careers, discuss the need for minorities in this discipline and the impact your degree will have on your community.

Delta GEMS Award:

Based on your participation in the Delta Gems program, describe one important concept you have learned in the program and how you intend to apply this in your future field of study. **(NOTE: Only students enrolled in the Delta GEMS Program through Richland County Alumnae Chapter may apply.)**

Education Award:

The high school dropout rate for minority students is at an all-time high. There is a serious need for education leaders, teachers and parents to take an active interest in the well-being of children. Discuss how your career as an educator will help improve the “education quality of life” for minority students.

Why are you STEM inspired? Discuss why it's important for African Americans to pursue degrees in Science, Technology, Engineering and Math.
